## Extremely good at

- General corporate governance.
- ASX and ASIC compliance.

## Highlights

- Assisting with a capital raise for a small social enterprise company supporting (amongst other things) marriage equality.
- Working on a native title claim on the Dampier Peninsula, WA.
- Running a directors' meeting in the middle of the Kimberley desert (and eating goanna tail for dinner).

## Claim to fame

Lead singer of 90s punk band Frenzal Rhomb, Lindsay McDougall (AKA The Doctor) recently replied to a tweet I sent him, asking about the lyrics of a song. When he responded, I squealed and then immediately started crying.

## Useless niche expertise

Australia's compliance with the Convention on the Rights of Persons with Disabilities.

## Food Phobia

Pineapple on anything savoury. I'm not about that life.
